Email from 9/27:

DRAFT-DELIBERATIVE

Greeting Informal HQ Technical Review Team,

Yesterday we received direction from John regarding next steps on the Pend Oreille TMDL (attached). A few of us will be reviewing the TMDL for areas/language relevant to the ID-WA border issue and Box Canyon Dam. I understand these 2 topics emerged as primary concerns of the Kalispel Tribe during the Aug. 28 face-to-face meeting in Seattle.

I'll reconnect with folks next week to convene/discuss our review results.

Sarah
